## Getting Started

From [alz.org/walk](http://alz.org/walk) you can search for a walk via the:

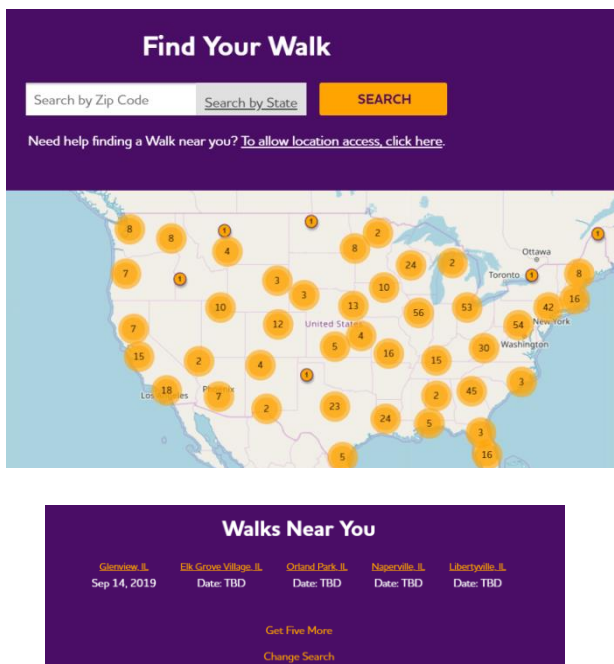

**'Find Your Walk' Zip Code Search** if you want to search via your zip code.

**'Find Your Walk' Search by State** if you want to search via your state.

**Find Your Walk location access link.** This link uses a technology called "Geolocation," which pinpoints your location based on the IP Address of your Internet Service Provider, GPS or cell data. By allowing your browser to access your location, the website can quickly show you the five walks closest to you or you can also click "get five more" to get additional walks close to you.

**'Find Your Walk' Map** if you want to search via state or region.

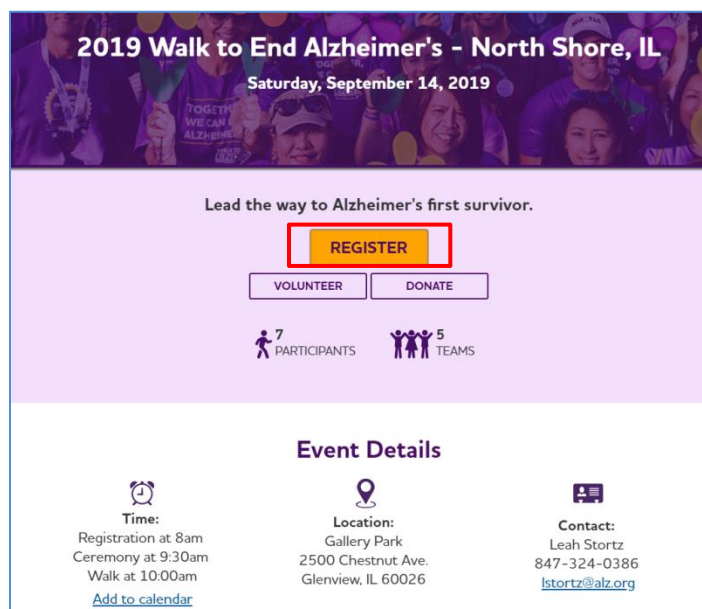

Once you have found your Walk click on "Start a team" or the name of the city to go to the Walk Greeting page.

## Greeting page

Once you find your local Walk, you will be taken to the greeting page for that Walk.

Click on the 'Register' button to begin the registration process.

Have your username or password emailed to you with the link above. If you continue to have problems logging in, please contact Amy Harrod at 309.657.7137 or [aharrod@alz.org](mailto:aharrod@alz.org).

If you were a member of a team last year and are the first person from this team signing up, you will have opportunity to bring this team back.

## Re-start a Team:

You can re-start a team from last year if you are registering for the same Walk where you participated last year, and were a member of the team last year (any member of the team can re-start the team, not just the Team Captain). If you are charged with re-starting a team you did not participate on last year, please contact your local chapter for assistance.

If you choose to bring back your team, your team will retain the same team name and goal from last year (Team Captains can update this in the Participant Center if desired).

On the next page, you are given the opportunity to become the Captain of this team in 2019. If you don't choose to be a captain your team will be "captain-less" until someone accepts the captain position.

## Participation & Fundraising

Next, select if you will be attending the Walk and raising funds to help end Alzheimer's disease, or if you can't be there in person, but would still like to set up a fundraising page and raise funds for the cause. Then, set a fundraising goal for yourself (this can be edited later from your Walk participant center), and kick off your fundraising by making a donation toward your goal. Participants who donate to themselves raise twice as much as participants who don't, so this is an important step. Once you've selected your donation amount, click 'Go to Step 3/4.'

## Register Another Person:

If you want to register a child or family member, click “Register Another Person.” However, if you would like to register additional teammates, we highly recommend that you invite them to register themselves (you can use one of the e-mail templates provided to you in your Participant Center). By registering themselves, they have the opportunity to accept the waiver terms, update their information, and log in with their own username/password so they also have access to their past donors, emails, website text, etc.

When registering family members, we strongly recommend using unique email addresses for each person. If you use the same email address for multiple registrants, that email address will receive emails for each registrant. If you are registering a child, you may leave the e-mail address field blank.

## Registration Summary:
