

The Southern Colorado Walk Committee is excited to announce we will be continuing our "Memory Mile" campaign for the 2016 Walk to End Alzheimer's season! In an effort to further our efforts in honoring loved ones and to remind participants of the reason we Walk and continue our efforts in this fight, the first mile of our Walk route is affectionately named the "Memory Mile."

We are excited to offer you, our beloved teams and participants, the opportunity to honor your loved ones, with an "Honoring Alzheimer's" sign, a memorial/tribute to your loved ones. For those of you wishing to participate in this campaign, we ask that you submit a brief tribute, to Felicia Carleo, Walk Coordinator, and we will be adding those tributes to free standing signs that will be posted along the Walk route on Walk day, to allow participants to take a moment, read your tribute, and be reminded of the reason we Walk. We all have a memory to share, let's take a moment to honor those we love and share that love with others participating in the 2016 Walk to End Alzheimer's.

We ask that you keep your tributes brief, as space on each board will be limited, and long messages will be more difficult for Walkers to read as they pass by, but please be creative. An example may be something like the following:

**"Team Cherished Memories Walks to Honor our Papa"  
(include picture of "Papa")  
Honoring his legacy as a wonderful husband, loving father, and admirable Papa  
With Love, Team Cherished Memories, the Smith & Jones Families**

**How do you contribute to this campaign?** Please complete the form below and submit your tribute to Felicia Carleo, [fcarleo@alz.org](mailto:fcarleo@alz.org) no later than August 15, 2016. Please include the message as you wish it to appear. If you would like to include a photo, please be sure the photo is good quality, to avoid pixilation when printing.

**Is there a fee to participate in this campaign?** There is no fee to submit your tribute, but we do highly encourage participants to make an additional self-donation of \$20 or more to your team. As we help to preserve the memory of your dear loved one, help preserve the memories of future generations by contributing to the funding of research to find an End to Alzheimer's and help the Alzheimer's Association continue to provide support and care to Southern Colorado communities and families.

Please feel free to contact the Pueblo Alzheimer's Association office for more information regarding this campaign! Thank you in advance for sharing your memories with us and for allowing us the opportunity to honor your loved ones!
