

THE VIRTUAL DEMENTIA TOUR

The Walk to End Alzheimer's and Silverado invites you to The Virtual Dementia Tour changing the perception of aging with Alzheimer's. It can be difficult to fully comprehend the challenges that someone battles everyday, but The Virtual Dementia Tour can help. Taking you from beginning to late stages of the disease process. This opportunity allows participants to experience the overwhelming effects of trying to perform everyday tasks for a person living with memory loss. We look forward to sharing this experience with you.
