Salon Speakers

Dr. Maria Carillo, Ph.D.

Vice President
Medical & Scientific Affairs
Alzheimer's Association

Maria Carillo oversees the worldwide scientific research discipline at the Alzheimer's Association which includes the Association's International Research Grant Program along with supervision of all communication of scientific findings within and outside of the organization. Dr. Carillo holds a Ph.D. from Northwestern University's Institute for Neuroscience. She resides with her husband and four children in Chicago.

Dr. Jill Kalman, M.D.

Director, Cardiomyopathy Program
Medical Director PACT Program
Associate Professor of Medicine, Mount Sinai Medical Center

Jill Kalman is Director of the Cardiomyopathy Program at Mount Sinai Medical Center. She is an expert in the field of Congestive Heart Failure and is extensively published in this area. Dr. Kalman has dedicated her career to improving the quality and quantity of life in patients with all stages of heart disease with a focus on women with heart failure, cardiovascular disease, and those at risk for developing heart disease. Dr. Kalman holds an MD from Mount Sinai Medical Center and resides in New York City with her husband and three children.

Elizabeth Gelfand Stearns

Chair, The Judy Fund
Introduction

The Judy Fund

Established in 2003, The Judy Fund works in support of the Alzheimer's Association to advance research, advocacy and care. To date, The Judy Fund has raised and granted nearly \$5 million and is committed to changing the face of Alzheimer's disease around the world.

**The Judy Fund Salon Series is a gathering of people with the intent to increase knowledge and insight on brain health and disease prevention. Through stimulating conversation, our professional speakers share their wisdom and their expertise 'to please and to educate.'*

The Judy Fund
Care and Cure with the Alzheimer's Association

No solicitation of funds will be made at this event

The Alzheimer's Association is the world's leading voluntary health organization in Alzheimer care, support and research. Our mission is to eliminate Alzheimer's disease through the advancement of research; to provide and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health. Our vision is a world without Alzheimer's.
