

Your HEALTH

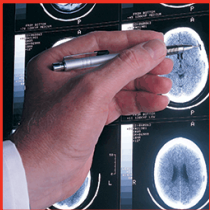

Friday, February 20, 2015

Founders Hall at Charles Towne Landing Historic Site
Check-in: 8:30am - 9:45am | Conference: 10:00am – 3:00pm

A free education conference offered especially for the African-American community.

Growing evidence suggests that African Americans may be at higher risk to develop Alzheimer's and stroke-related dementia due to higher incidence of developing vascular disease (including diabetes, high blood pressure and high cholesterol).

Come hear from top researchers and professionals from the Medical University of South Carolina and Roper St. Francis about education, research, and current clinical trials that are taking place. You'll learn about how heart health impacts brain health, the importance of dental health, tips to reduce inflammation and more!

Lunch provided. Registration required by Friday, February 13, 2015. Seating is limited. To register, call 800-272-3900 or visit alz.org/sc.

RESPITE CARE IS AVAILABLE: The Alzheimer's Association will provide respite assistance for an in-home care sitter to families with individuals with dementia in order for family members to be able attend the conference. Request can be made during registration. Request must be made 2 weeks before conference.

Brought to you by:

Register to attend on February 20th, 2015.

Registration required by February 13th!

You may also register online at www.alz.org/sc or by calling 800-272-3900.

If you are a family caregiver for someone with Alzheimer's disease or related dementia, do you need caregiving assistance to attend this activity?

- No. Yes. (see instructions below)

If yes, call 800-272-3900 at least 2 weeks in advance of the event to request sitter service. An application must be submitted. This service is available at no cost for conference attendees though the Alzheimer's Association South Carolina Chapter.

Please mail completed registration form to:
