Help us make Alzheimer's disease a priority in South Carolina by participating in our State House Day! This year's event will provide opportunities for you to meet with your legislators in their offices as well as in the State House Lobby.

RSVP ONLINE TODAY AT ALZ.ORG/SC.

This year, we are asking legislators to continue funding the Alzheimer's Caregiver Respite Program. This important program helps dementia caregivers take a break and take care of their own health, too!

We are also asking legislators to pass H 4802, a bill to make Physician Orders for Scope of Treatment (POST) available throughout South Carolina. POST is a form of advance care planning that creates portable medical orders to document patients' wishes for medical treatment.

We will provide telephone/webinar trainings on these topics in advance of State House Day. But the most important part of State House Day is connecting with your legislators to share YOUR personal experience!

RSVP TODAY TO HELP TURN OUR STATE CAPITOL PURPLE!
